DOMESTIC TRIANGLE IN THE EVANS CASE

Mrs. Ann Evans who recently swore to a complaint against her husband F. J. Evans in which she charged him with threatening to kill her, used this charge in divorce proceedings which she instituted in the superior court yesterday. Mrs. Evans in the complaint in which she sets forth prominently that her husband was guilty of cruel treatment and threatened bodily harm, adds that he failed to provide for her. The Evans were married in Phoenix, December 7, 1914.

The news that a divorce suit had been filed caused no little comment yesterday by the friends of "Jack" Evans who declare the justice court proceedings brought by his wife was a follow up of similar proceedings brought against Evans by J. H. Duff in Judge De Souza's court. He too stated that Evans threatened to kill him. "It is a conspiracy," they say.

It is believed that the case when tried will develop all the features of a domestic triangle. Evans and his wife were said to have been a congenial couple until they made the acquaintance of Duff. He was a con-

stant visitor at their home it is said and openly admitted his admiration for Mrs. Evans.

Evans finally took the matter up with his wife and begged her to leave the city with him "and begin over again." He was a horse and cattle commissioner and sold what he had at a sacrifice for the happiness that he believed would once more be his.

When they were ready to make their departure Duff again made his appearance and shortly afterwards Evans found that he would have to furnish bond or be behind the bars.

BIG GRADUATION CLASSES COMING

Five hundred boys and girls will complete the graded school term of this county next week. There will be at least that number of graduates from the eighth grade according to County Superintendent of schools, J. A. Higgins, who looks forward to seeing the largest freshman class in the history of the local high school at the opening of school in the autumn. Mr. Higgins believes that practically everyone of the 500 will enter the high

BIRTH OF NATION IS WITHDRAWN

Management Pleads Guilty to Violation of Ordinance 99, Is Fined Fifty Dollars and Announces It Is Through In This City

Rather than emaculate the picture "The Birth of a Nation" by cutting out that portion found objectionable by the city board of censors, and finding that the city commission had the authority to prevent the showing of all or any portion of the film, Manager A. E. Jones yesterday closed the engagement here after pleading guilty in city police court to a violation of the provisions of Ordinance 99, creating the board of censors. And so passed from Phoenix a film and an orchestra that has caused more comment, favorable and unfavorable, than any attraction presented at any amusement house here in years.

Arraigned with Manager Jones yesterday afternoon before Judge McBride, was Manager William Freyer of the Elks' Theater. Against the two were seven charges each of violation of Ordinance No. 99. But one charge was pressed in each instance and pleas of guilty were entered by each of the defendants. A fine of fifty dollars each was assessed upon a declaration from Attorney George Purdy Bullard, representing Jones, and Attorney J. L. B. Alexander representing Freyer, that they had effected an agreement with City Attorney Richard E. Sloan that there would be no prosecution of the remaining cases if the film were shown no longer. The fines were paid in each instance.

The closing of the engagement came after nine days, during which two exhibitions were given daily to record breaking houses. Long before the film arrived, protests were filed with the city commission by colored citizens who claimed that its presentation was calculated to incite race prejudice. The commission, sitting as a board of censors, decided that with the elimination of the scene showing an attempted assault upon a white girl by a negro, the film would have no such effect. It was ordered that that portion of the film be not shown. The matter was taken into the superior court where a temporary injunction was secured restraining the board of censors from interfering with the showing of the film. This injunction was dissolved after the hearing, but the showing of the film went on in its entirety until yesterday, when the management voluntarily closed.

Manager Jones stated yesterday that quite a number of tickets had been sold for future showings. He stated that the box office at the Elks' theater would be kept open regular hours each day for two or three days and that all money received through the sale of these tickets would be returned upon presentation of the tickets.

school at which are now registered 302 students. The city schools will send the largest number, there being 180 graduates of the grade. Mesa will have 55, Tempe 39, Alma 23, Glendale 24, the Buckeye Valley 25, Chandler 20, Lehi 12 and Peoria 19. There will be more than a hundred from the surrounding towns and country schools.

Your Money Buys Quality!

Coupons or premiums have never been used as an inducement to smoke Prince Albert!

The correctness of our belief that smokers do prefer quality rather than premiums or coupons is proven by the enthusiasm with which Prince Albert pipe and cigarette tobacco has been received throughout the civilized world! Premiums or coupons have never been offered as an inducement to smoke it!

Neither national nor state restrictions on the use of premiums or coupons can in any way affect Prince Albert's sale!

It is not to be wondered at that when smokers consider a choice of tobaccos, their tastes—based on quality—instantly turn them to

PRINCE ALBERT

the national joy smoke

Prince Albert is sold strictly on merit. It is a tobacco of choice quality, and made by an exclusive patented process that does cut out bite and parch! It took three years and a fortune to perfect that process so that today every man with a desire to smoke a pipe or roll his own cigarettes can do so without a comeback, no matter how tender his tongue or throat may be!

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

TWO HUNDRED COMPANIES ARE WORKING IN OATMAN DISTRICT

(Special Correspondence)
OATMAN, May 8.—Two hundred mining companies are operating in the Oatman mining district.

A great majority are financed in the position to carry on work on quite a large scale. Gallows frames are visible on every hand and each day shows a new one. Machinery arrives in this field daily and visitors here are simply astounded at the remarkable development.

The men who are coming to Oatman at the present time are by no means novices in the mining industry. They are among the countries most prominent mining operators and engineers.

It may sound rather out of reason to say that there is no one instance on record where a mining engineer of any prominence has passed an unfavorable criticism on Oatman since its development has been under way but such is the case. Every mining man that inspects this field to a unit are high in its commendation. There are even more than that they are simply enthusiastic after they have made thorough investigation of the region comprising this district.

It is out of reason to say that every property being developed will be made a mine. The conditions in the field vary with regard to surface considerations. The large leads that are being encountered incline one to the belief that there will probably be more paying mines in this section of the country than has been the case in any area of similar extent in the world.

Some say that Oatman is in its infancy. It is in a measure but it has passed the crucial period. The history of this camp is that values are obtained with depth the greater the depth the greater the value. Many of the properties now in operation have attained the necessary depth to reach gold bodies of commercial ore, some of the bodies opened are presenting pay values.

The following is a resume of development in the field:
Tom Reed opened new body of ore on 225 ft. level in Black Eagle shaft, 14 ft. of ore exposed with values running high.

Big Jim drifting on 485 ft. level recently opened strong values obtained new outfits of machinery installed.

United Eastern excavating for mill. New shaft being sunk with rapid speed. Rumored that George Long and Jack Meyer, discoverers of the mine offered \$1,500,000 for their interests in the property.

Oatman Leader excavating for shaft house. Shaft down 70 ft. Men now at work timbering same.

Arizona Tom Reed has completed road for shaft site. Bore down 40 ft. being sunk in the ledge.

Ivanhoe cross cut 500 ft. level into 225 ft. main vein on 200 ft. level encountered 280 ft. from shaft. The company expects to strike vein on 500 very shortly.

Gilt Edge cross cutting on 100 ft. level. Have just cut through vein matter for distance of 11 ft.

Argo has passed through 87 ft. of ledge matter from which values ranging from \$1.71 to \$3.92 have been secured.

North Star incline shaft down to depth of 230 ft. being sunk on the ledge.

Oatman United has completed installation of machinery work well under way.

Tom Reed Jr. shaft down to a depth of 320 ft. station cut at 200 ft. Work started on number two shaft.

Boundary Cone has cut small vein believed to be feeder to main vein latest development made on 750 ft. level.

Gold Road shipped \$40,000 to the mint last week representing month's cleanup. This company plans considerable development.

Times Mine recently financed by Charles E. Knapp of Tonahill has cut the vein through a tunnel, \$800 ore being secured.

Oatman Crescent financed by N. Y. interests has installed machinery and is operating extensively.

John Cockroam, general attorney for the N. Y. Central R. R. Co., Frank J. Remy and R. E. Remy of Indianapolis have taken over entire group and plan development work on large scale.

Little Jim Gold Mining company, taken over by W. L. Wilson of Los Angeles ready for big operations.

Chandler News Notes

CLASS SOCIAL.
The social given by the Tucson branch of the Methodist Sunday school was an enjoyable affair. The view of Panama and of Cuba, with the talks by O. H. Kuntz and Mrs. Trippe, relative to the pictures, were most interesting. Ice cream was served and a good sum of money realized.

IMPROVEMENTS.
A pleasing addition to his ranch home near Chandler, has been made by Will Griffith. When completed, the bungalow will contain four rooms, with several screened porches.

M. I. S. PROGRAM.
Once more the Mutual Improvement association of the E. D. S. church presented a fine Sunday evening program. The meeting was opened with a talk by Oris Holden explanatory of the idea of mutual improvement, tracing the various stages of development from earliest life. The music by the Mesa orchestra and by the class of girls was of exceptionally good quality. The principal talk of the evening was made by Dr. Kramer Gilbert, the theme being "Right Living." Dr. Gilbert spoke on but one

phase of the subject, that of right living as viewed from a physical standpoint. He presented many helpful and practical points on the subject.

AFTERNOON AFFAIR.
At their home in the Chandler hotel, on Boston street, Miss Jacobson entertained a number of her friends on Thursday afternoon.

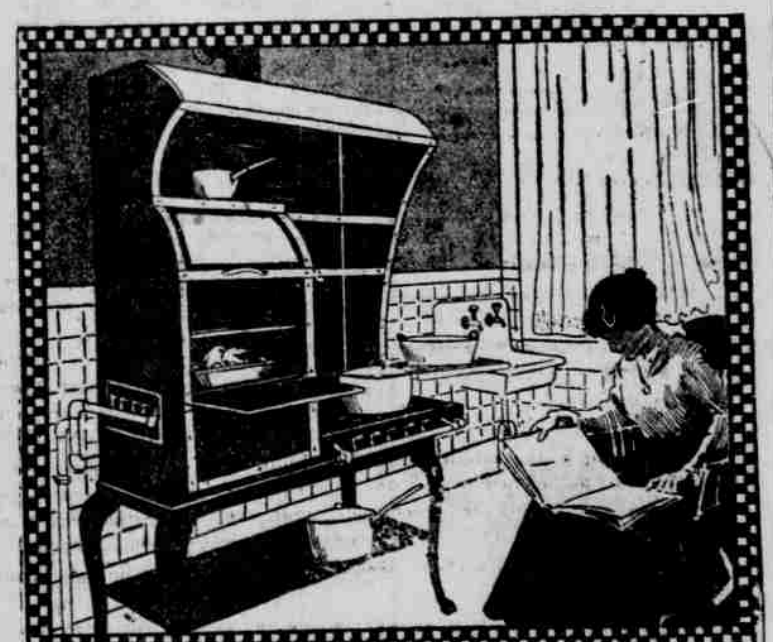

A PLEASANT AFTERNOON.
Last Saturday afternoon, at her home east of Chandler, Mrs. O. W. Brustadt pleasantly entertained a number of ladies. A series of afternoons for study and entertainment, were planned by those present. During the afternoon dainty refreshments were enjoyed by Messames B. L. Marsh, E. E. Morrison, H. A. Walte, K. M. Gilbert, W. J. Lewis Harman, J. Durfee and Miss Bertha Smith.

HAPPY EVENTS.
Mr. and Mrs. G. Lindley Gollands are the happy parents of a fine nine pound boy, born, Saturday May 6.

PERSONALS.
Mrs. Jennie Durfee was a Mesa business visitor on Saturday. E. E. Morrison spent Friday in Phoenix.

Mr. and Mrs. J. Webster Lewis moved to Mesa on Saturday morning.

This Is National Gas Range Week—May 8-13

Trade in Your Old Wood or Coal Stove on the Best Gas Range Made

DURING THIS WEEK we will make you a liberal allowance on your old wood or coal range to apply on the purchase of a new GAS RANGE—We will install your new Gas Range and do all necessary piping free of charge—We will pay the City Gas Permit and allow you to pay for your range a few dollars a month.

This Week Only - May 8-13

Phone 1654 today
